An Other Advancement.

In last week's issue we made mention of our Light and Water Plant instituting a Day Service on electricity beginning at 11:30 a. m.

This convenience seems to be very much appreciated both by our merchants and residents. Supt. Martin, having informed us that quite a number of the light patrons had installed fans in their homes and places of business, both here and at Forest City.

This week Supt. Martin had another innovation in the way of "Ironing Day," running the light plant all day Wednesday for the purpose of enabling our housewives to iron with Electric Irons. He also informed us that the majority of the ladies were taking advantage of this convenience which is enjoyed only by those living in larger cities.

We feel that our board of Aldermen should be commended for these improvements in our electric service. There are many other uses that electricity may be applied.

Suddenly Stricken.

Ira Graham, a veteran of the Civil War, was found in a water closet at Corning, in an unconscious condition, Saturday morning last, July 13, 1912, and never gained consciousness, dying Monday morning about 8 o'clock, July 15.

His environment on the morning of the Civil War were southern, and his relatives were all in the Confederate service. He succeeded in getting through the Confederate lines and came to Cincinnati, where he joined the regular army, serving through the South in many engagements, and at the close of the war he served in the western states.

On his discharge from the army he was employed as a teamster in the building of the Union Pacific railroad. He was on the pension rolls at \$20.00 per month.

He was a veterinary surgeon, and about 65 years of age, and leaves a widow and two daughters. His widow is a daughter of Capt. O. M. Markham, of Graham, Missouri. He had resided in Corning about 15 years and was greatly esteemed.

M. E. Church Notes.

The League has taken a vacation until the first Sunday in September.

A fair audience listened to Dr. Bushnell Sunday morning and gave hearty approval to the work of the Anti-Saloon League, as presented by him. A large audience heard the Dr. at the park in the evening.

Next Sunday morning either Dr. Debra or Dean Watson will be with us in the interest of Missouri Wesleyan College. While under the auspices of the Methodist Episcopal church, the Missouri Wesleyan stands for the higher education of every boy and girl of whatever church affiliation who may come to them. It is our school. It is the people's school. Come and hear its representative Sunday morning.

The evening services at the park seem to have been just the thing, as large crowds have been attending at both the services the past two weeks. Rev. Claggett, of the Presbyterian church, will preach for us next Sunday night.

"Ship-a-Hoy!" and the good ship California loses one of its loyal crew in the person of Fred Hershner, of this city, who for the past four years has been a member of Uncle Samuel's navy, and is now home for an indefinite stay, having served four years and received his honorable discharge as a first class gunner. He was surprised by neighbors, friends and relatives at the home of his parents, Silas Hershner and wife, Tuesday evening, July 16th. Nearly sixty guests came to welcome him home, and a bappler father and mother is not to be found in all North Missouri. Refreshments were served, and the occasion was most enjoyable one in every way.

H. E. Denny, of Exeland, Wisconsin, in a letter to a friend here, from which we have been permitted to quote, says that he is well and says that his health has greatly improved since he has been up there. That he is located five miles from Exeland, which has two railroads. Raw land is worth from \$12.50 to \$17 per acre, while improved lands run from \$30 to \$50 per acre. Then Hiram closes with the following: "Somebody favored us with a hindquarter of a fine deer this morning. I asked no questions, and am now eating venison for a few days. The people will not allow a deer to bite them here." We guess Hiram and John will take care of themselves up there, all O. K.

KREEK & HASNESS.

Mr. George H. Kunz, a well known young man of this vicinity, will leave Walla Walla, Washington, July 20, for Oregon, Mo. Mr. Kunz is the owner of large prune orchards in the Walla Walla Valley, and on account of his many interests he is leaving in Washington, he will be unable to remain in Oregon over eight or ten days, at the very outside. So all friends of the young man wishing to visit him, will please remember the date of his arrival. Dame Rumor says that he will take from our midst one of Oregon's most estimable young ladies.

This is the time of year when newspapers become hectic in their efforts to persuade the populace to cut down the weeds on the vacant lots. Weeds are like good roads—you have to keep hammering away at them.

T. C. Dungan and wife and Hortense, are greatly enjoying their western trip, and T. C. feels that the average American has more to see in the wonderful work of nature by a trip through Yellowstone Park, than any similar trip through all Europe.

Come and See Us.

The Ice Cream season has opened up at last and I have opened my Ice Cream Parlor in up-to-date style, with a new Iceless Fountain, where you can get an ice cold drink at any time.

Ice Cream Soda of all kinds. Ice Cream on hand constantly, at the

Red Front,

on North Side of Square.

L. CARROLL, Proprietor.

TO THE PUBLIC:

We have recently come among you and planted our Jacob's staff, with the view of becoming one of your permanent citizens. We have in good faith invested our means, having purchased the stock of the Bragg-Munn Hardware and Furniture Co.

For more than thirty years we have been in the Mercantile business, and by experience have realized the needs and trials that come to the retail merchant—but no quality is more necessary than that of the "Square Deal," to every one who comes to buy or sell. Whether the buyer wishes a package of Needles, a Parlor Suite, a Reaper or a Cooking Stove, the buyer is entitled to that courteous treatment, and a price that is fair and true to quality and brand.

Having had the experience and realizing the importance of a Square Deal to the buyer, we come to the community with the fullest realization that this is essential to success, and wishing success, and reasonable share of your trade, we wish to assure the people of Oregon and vicinity, that we are ready to fulfill to the very letter our highest obligation to the buyer, both as to quality in Hardware and Furniture goods, and at Prices that will assure him a Bargain, as well as an honest margin for the seller.

The people will find us carrying a full and complete stock in these lines, and are offered at Reasonable Prices. You will find us ready to show you these goods, and false representation as to brand or quality with the view of selling, will in no way be a feature of our business.

Honest Goods at Honest Prices, will be our motto.

We extend to you all, a cordial invitation to visit our store, examine our stock, learn our prices, and we pledge you, we will do our part to please you—both in quality of goods and prices. Respectfully,

THE ROBERT SMITH HARDWARE CO.,

OREGON, MISSOURI.

—Christen & Rankin had car of cattle out Tuesday.

—Miss Isora Judy, of Craig, spent a few days last week, visiting with Mr. and Mrs. Ed. Dunham.

—There will be an ice cream festival at the Nodaway M. E. church, Saturday, July 20, 1912. A cordial invitation is extended to everybody.

—Morgan & Kee sold 51 head of hogs to Will Derr; Andy Burrier, 26; Nathan Smith, 4; A. H. Greene, 1 and Henry Weis 5, total, 87. Derr shipped them to St. Joseph, Friday last.

—Mrs. Bert Foster was taken to a St. Joseph hospital, Friday, for medical treatment. On examination in to her case it was deemed best that she return home, but little encouragement being given her.

—J. H. Norris and wife, of Las Angeles, California, spent Tuesday visiting with Judge O'Fallon and wife. Mr. Norris is in the employ of the Interior department, and was an associate of the Judge in the work of the department in the western field.

—Some men are so constituted that they ever look for the worst. If it rains they are afraid their crops are going to be flooded. If it does not rain they are afraid everything is going to dry up. Since worrying about it does no good, why worry. It is said that one of our great grandmothers used to worry because there was nothing she could think of to do to worry about.

—George Speer, who was raised in the vicinity of Craig, and is known in all parts of the country as one of Detroit's best pitchers a few years ago, has been secured by Manager Holland of the St. Joseph Drummers. George has been managing the Muskogee, Oklahoma, team this season, and Manager Holland made it sufficiently interesting to induce George to return to these parts. He is a brother of John Speer, of Forest City.

—County Clerk Zeller has been having a time to get the school district clerks to make return of total days attendance of their district, as upon this is based the apportionment of the state school money. He has pounded and pounded, and has finally succeeded in getting them all in but one—at last report district 56 was still delinquent in this matter. He can or will try his best to save this district its proportion of the state money, if it will get in its report by July 30th.

HOT ENOUGH FOR YOU.....

Ironing the Old Way? Learn What Real Comfort is Ironing By Electricity.

Save those tiresome steps back and forth from the stove to the ironing stand.

Save FUEL, WORRY, HEAT, TIME and danger and iron in the cool atmosphere.

Save your hands from burns and your clothes from scorching.

THE ELECTRIC FLAT IRON

will save you all these troubles—and money too.

It heats quickly—is hotter at the point than at the heel—irons everything from the heavy damp pieces to the most delicate laces and embroidery.

It costs from eight to twelve cents' worth of Electricity to do the weekly ironing of an average family. Furnished in styles, one guaranteed 5 years, \$3.50 each; another guaranteed indefinitely, cannot burn out, \$4.25 each.

Let me bring you an iron on a trial.

M. R. MARTIN,
Sup't. City Light and Water Plant.

—Levi French and Miss Ida Gould, of this city, went to St. Joseph Monday, "hiked" up to the court house, interviewed the recorder, and then disappeared only to return home as husband and wife. We extend hearty congratulations to these excellent young people.

—George Greiner has returned from near La Pryor, Texas, where he has been for several months, going down with John Abele and family. George is not very enthusiastic over that country, and is of the opinion that Mr. Abele and family will return in the near future.

—Dr. W. C. Proud has negotiated with the Kees agency for the purchase of a five-passenger Ford touring car.

—Mrs. R. K. Gregory, of Savannah, was the guest of Mrs. C. L. Evans the past week, and also came for medical advice with Dr. Evans.

—Jim Morris and wife, and Raymond, of the Marion District, and Clyde Roney and wife, of Detroit, Michigan, were Sunday guests of W. M. Morris and family.

—J. B. Wright and family left Monday of this week for a couple of weeks' visit back at his boyhood home in Albion, Indiana. We wish them a pleasant trip and a safe return.

—Lost—On the streets of Oregon, Tuesday, July 16, a solid gold necklace, with a finger ring on it, set with a cameo. Return to Hotel Woodland and receive reward.

—The Chautauqua management has been unusually fortunate in the selection of its talent this year. A number of new speakers have been procured and are conspicuous upon the program. Among these are Wm. J. Bryan, ex-Governor Richard Yates, Grace Parlett, Dr. Albert Caldwell's appearance probably will mark a banner day attendance, for he comes with a story first hand from the Titanic disaster, he being a survivor of that ill-fated vessel.

—Of course we all say the town is dull, but that is largely habit, but enough building and improving is going on in the old town to keep all the carpenters, masons, plasterers and painters busy. You have to speak several days in advance to get teams to haul your stuff. It is a problem how to get mechanics or laborers to do your work. If there was much more going on there would be a real boom, and they are not always desirous of their efforts.

—Herbert Caskey and wife, and their two interesting little daughters, Virginia and Mary, of Okmulgee, Oklahoma, are here for an extended visit with Mrs. Caskey's parents, Mr. and Mrs. G. H. Price, of the Hotel Woodland. We regret to learn that Mr. Caskey is in poor health, but we trust the delightful climate of this part of this lovely good earth will have the effect to soon return him to his usual good health. Through them we are sorry to learn that they left John Cain in an alarming condition as a result of a double sun stroke.

—The Craig Leader last week was issued under the charge of the M. E. Sunday school, of that city, with Rev. C. R. Day, editor in chief. It was an especially interesting edition, both as to character and volume of matter, and extent of liberal advertising. The edition consisted of 20 pages, full of matter worth reading. We were especially interested in the articles written by Rev. Day, C. A. Doughty, F. P. Brewster and R. M. Price.

—The New national flag bearing forty-eight stars, emblematic of all the states, including the recently admitted Arizona and New Mexico, was hung from the federal structures in the country, and from the American navy throughout the world on July 4th. Thirteen stars only will be permitted in the blue square of the flags that are less than five feet long, to prevent crowding. The red field on the president's flag was changed to blue.

—C. D. Zook and wife returned Thursday morning, of this week, after an absence of nearly two months in the east. While away they attended the graduation exercises at Vassar College, Poughkeepsie, N. Y., their daughter, Miss Mary, graduating from that institution. They also visited different points of interest in many of the Eastern and New England states, and made an extended visit with relatives in Johnstown, Pennsylvania, and also were in New York when their daughter sailed for Europe. It is needless to state that Mr. Zook attended the convention at Baltimore.
